

TRIMAS AEROSPACE SECURES MULTI-YEAR GLOBAL CONTRACT WITH AIRBUS

BLOOMFIELD HILLS, Michigan, February 24, 2025 – TriMas (NASDAQ: TRS) today announced that TriMas Aerospace’s Monogram Aerospace Fasteners™, Allfast Fastening Systems® and Mac Fasteners™ brands have been awarded a multi-year global contract with Airbus, expanding the Company’s existing contract scope across all fastener business units and further strengthening TriMas Aerospace’s position across the global Airbus supply chain.

“We are honored to be a supplier of high-performance fastening solutions to Airbus,” said Vitaliy Rusakov, Group President of TriMas Aerospace. “This contract reaffirms our commitment to delivering best-in-class engineered products and advancing manufacturing technologies to meet the evolving needs of the aerospace industry.”

This extended agreement broadens TriMas Aerospace’s reach across multiple Airbus civil and military fixed and rotary wing platforms including but not limited to the A320, A350 and A220. The contract incorporates next-generation fastening solutions and newly qualified products designed to optimize robotic assembly processes for aerostructures and major aircraft components, reinforcing TriMas Aerospace’s commitment to innovative solutions for the aerospace industry. In addition, TriMas Aerospace continues to invest in state-of-the-art manufacturing equipment and advanced processes to accelerate performance, enhance capabilities and drive efficiencies in aerospace fastening technology.

TriMas Aerospace will be manufacturing the contracted fasteners in its Commerce and City of Industry, California, facilities, as well as its Ottawa, Kansas, manufacturing site.

About TriMas Aerospace

TriMas Aerospace specializes in the design and manufacture of highly-engineered fasteners and precision-machined components, serving commercial aircraft manufacturers and the U.S. military. Through its portfolio of trusted brands, Monogram Aerospace Fasteners™, Allfast Fastening Systems®, Mac Fasteners™, Martinic Engineering™, RSA Engineered Products™, Weldmac Manufacturing Company, TFI Aerospace and GMT Aerospace, TriMas Aerospace delivers innovative solutions that meet the most stringent industry standards. The Company’s advanced fastener offering includes blind bolts, solid and blind rivets, temporary fasteners, collars and standard fasteners, designed for composite and metallic aircraft structures. TriMas Aerospace also provides cutting-edge air ducting products and precision-machined components, engineered to deliver exceptional quality, reliability and performance across a wide range of aerospace applications.

About TriMas

TriMas manufactures a diverse set of products primarily for the consumer products, aerospace and industrial markets through its TriMas Packaging, TriMas Aerospace and Specialty Products groups. Our approximately 3,400 dedicated employees in 13 countries provide customers with a wide range of innovative and quality product solutions through our market-leading businesses. Our TriMas family of businesses has strong brand names in the markets served, and operates under a common set of values and strategic priorities under the TriMas Business Model. TriMas is publicly traded on the NASDAQ under the ticker symbol “TRS,” and is headquartered in Bloomfield Hills, Michigan. For more information, please visit www.trimas.com.

Notice Regarding Forward-Looking Statements

Any “forward-looking” statements, within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, contained herein, including those relating to TriMas’ business, financial condition or future results, involve risks and uncertainties with respect to, including, but not limited to: general economic and currency conditions; competitive factors; market demand; our ability to realize our business strategies; our ability to identify attractive acquisition candidates, successfully integrate acquired

operations or realize the intended benefits of such acquisitions; pressures on our supply chain, including availability of raw materials and inflationary pressures on raw material and energy costs, and customers; the performance of our subcontractors and suppliers; risks and uncertainties associated with intangible assets, including goodwill or other intangible asset impairment charges; risks associated with a concentrated customer base; information technology and other cyber-related risks; risks related to our international operations, including, but not limited to, risks relating to tensions between the United States and China; government and regulatory actions, including, without limitation, climate change legislation and other environmental regulations, as well as the impact of tariffs, quotas and surcharges; changes to fiscal and tax policies; intellectual property factors; uncertainties associated with our ability to meet customers' and suppliers' sustainability and environmental, social and governance ("ESG") goals and achieve our sustainability and ESG goals in alignment with our own announced targets; litigation; contingent liabilities relating to acquisition activities; interest rate volatility; our leverage; liabilities imposed by our debt instruments; labor disputes and shortages; the disruption of operations from catastrophic or extraordinary events, including, but not limited to, natural disasters, geopolitical conflicts and public health crises, the amount and timing of future dividends and/or share repurchases, which remain subject to Board approval and depend on market and other conditions; our future prospects; our ability to successfully complete the sale of our Arrow Engine business; and other risks that are detailed in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2023. The risks described are not the only risks facing our Company. Additional risks and uncertainties not currently known to us or that we currently deemed to be immaterial also may materially adversely affect our business, financial position and results of operations or cash flows. These risks and uncertainties may cause actual results to differ materially from those indicated by the forward-looking statements. All forward-looking statements made herein are based on information currently available, and the Company assumes no obligation to update any forward-looking statements, except as required by law.
